Learn the Skills you Need to Help Others Follow Your Lead

In today's changing climate, the role of the leader has never been more important. This course helps managers identify the skills to be a more effective change leader. Each participant will receive a self-assessment profile and create an individualized development plan to address these 5 key skills:

1. Modeling the Change
2. Communicating About the Change
3. Involving Others in the Change
4. Helping Others Break from the Past
5. Creating a Supportive Environment for Change

Learning Outcomes

By the end of this workshop, participants will:

- Measure current leadership abilities
- Understand effective change leadership behaviors
- Develop change leadership skills
- Generate support for change efforts
- Improve the ability to lead change initiatives
